

8th July 2016

Dear Parents and Carers,

As the children get older and start to be more independent some new issues can arise. We have arranged for our local PCSO (Police Community Support Officer) to come into the school to discuss some of these issues with the children. The main topics will be; the dangers of substance abuse, the implications of theft and to offer some advice of how to be more self-aware.

All pupils will be given a chance to ask questions and we hope they find the talk useful.

Yours sincerely

Mr K Watters

Assistant Headteacher
