Letter reference: Hearing & vision screen for Year R

Dear parent/carer,

It was not possible to see every child in year R to carry out the vision and hearing screen before the end of the summer term 2018. If you would like your child's hearing or vision screened please could you contact us on the above number or email address by 24th September.

If you do not have any concerns and do not wish your child to have the routine screening then it is not necessary to reply to this letter.

It is also possible to take your child to an opticians to have their eyes checked should you wish to do so.

Yours faithfully,

Tina Owen
Head of School Public Health and Immunisations Service
