

Whitehill Primary School

Computing & Science Teacher

Full-time, permanent. Start date: September, 2019.

Salary: MPS/UPS (depending on experience) + TLR 2 (£4,721)

Whitehill Primary has much to offer to grow leadership and teaching skills. We provide excellent CPD both internally and externally including our strong regional links with Teaching Schools and nationwide with Challenge Partners. This is an exciting time. IT and computing are at the heart of onward development. We have significant capital resources to invest (short, medium and long term). This is chance to turn vision into a reality, building on significant infrastructure/IT support/resource developments achieved in 2018/2019.

In Science, we are seeking to develop skills further across the school including enquiry and investigation that will benefit children in all areas of learning. As a three/four form entry school we have the ability to allow you to thrive. Our extensive facilities and resources coupled with a close community allows all to shine.

Our school is committed to development, with strong links to 3 teaching school alliances, being the lead school in the Insight Challenge Partner Hub, and with a dedicated CPD leader facilitating opportunities for staff as a collective and also based on personal development. Whitehill Primary provides excellent learning opportunities for all. As part of The Decus Educational Trust, ensures pupils achieve and grow as independent, confident and ambitious learners. Ofsted in Jan 2017 judged the School as 'Good'. Our ethos of 'Happy, Helpful and Hardworking' underpins everything.
