March 2019

Dear parent/guardian

As your child has now started school, their health and wellbeing will be supported by the School Public Health Service who will work with you and the school to support the best health outcomes for your child.

In line with government policy, our service offers you the opportunity to complete a simple, secure, online questionnaire about their health, wellbeing and lifestyle choices and behaviour. This questionnaire will help to identify any support or advice you and your child need.

To register your child for this assessment, please complete the secure online questionnaire about your child's health and wellbeing in the next seven days. You will need to go to this webpage: <https://kent.hapi-system.com/school-entry> and enter this password: **Summer01**. A member of the School Public Health Team may contact you following completion of the questionnaire.

Although anonymous information may be shared, for example information about lifestyle choices and behaviour with other agencies to improve services, all personal information collected from this questionnaire will be treated as confidential, unless a safeguarding issue is raised, and held securely to meet with data protection requirements.

If you have any concerns or worries you wish to discuss, or just want further information, please contact the team, available Monday to Friday, 8am to 6pm:

Phone: 0300 123 4496

Email: nem-tr.kentchildrenandyoungpeoplehealthservices@nhs.net

Or you can visit the website to find out more: www.kentyouthhealth.nhs.uk

Details about the information we collect from you, what we do with it and how it may be shared

Trust HQ The Oast, Unit D, Hermitage Court, Hermitage Lane, Barming, near Maidstone, Kent ME16 9NT

can be found in the leaflet: *What happens to personal information held about you? Which you can find online:* www.kentcht.nhs.uk/personalinfo

Yours faithfully

The KCHFT School Public Health Team
